Pioneer Shirt

Create a pioneer shirt out of a regular white dress shirt.

With just a few quick changes, a white dress shirt can appear more like a pioneer shirt. Secondhand stores are great places to purchase shirts.

2

The shirt you use needs to have a two-piece collar—a stand and a collar.

First, remove the collar from the stand by removing the stitches that hold the collar in place.

Next, remove the pocket by unpicking the stitches that hold it in place.

5

Finally, pin the open edges of the stand together and stitch them closed.

6

You now have a shirt that resembles a pioneer shirt.
